Major Electives: A range of Spanish courses at the 3xx and 4xx levels not required for the major may be selected to complete the programs and career interests in consultation with advisors [see current bulletin].

Required Minor: Students pursuing a Bachelor of Arts (BA) degree in Spanish must also minor in another field. Popular choices are other languages, Communications Studies, Marketing, Accounting, Art, and History. Please note that this requirement does not apply to double majors.

Students who begin their Spanish studies at Minnesota State University, Mankato at the 200 level may count credits from Span 201 and Span 202 toward the total credits required for the Spanish major, but these credits will not replace any specific program requirements listed above.

Students may be allowed to substitute other courses for the requirements listed above. Often, this will occur when a student chooses to participate in a study abroad program, when special one-time course is offered, or when a motivated student chooses to pursue an independent study with a program faculty member.

BS in Teaching:
Students pursuing a BS in Teaching degree are required to take four teaching methods courses taught by World Languages and Cultures Department faculty. These courses provide instruction in both the theoretical framework and practical implementation of language instruction and acquisition in the classroom.

While there is no required minor for this version of the Spanish BS, students are required to complete an additional major course of study in Professional Education. For details, please see the Secondary Education section of the current Undergraduate Bulletin.

Students selecting this option must also demonstrate an intermediate-high level speaking proficiency as defined in the ACTFL Proficiency Guidelines established by the American Council on the Teaching of Foreign Languages or equivalent. Also required are firsthand experiences with the target cultures or their equivalent. Firsthand experiences in relevant target cultures are also required.
