

# ART EDUCATION

Arts Education transforms students into critical observers and problem solvers. The primary goal of the Art Education program is to train students to become K-12 Art Teachers or to prepare students for working with children in arts institutions and other arts-based employment opportunities. The program blends philosophical and theoretical studies, studio practices, art history, historical and contemporary pedagogical practices, as well as hands-on classroom experiences.

## PROGRAMS

### DEGREES AND CERTIFICATES

- Bachelor of Science in Art Teaching

### ABOUT THE PROGRAM

The Art Education program prepares students to teach visual arts in elementary, middle, and secondary schools. The Art Education program offers both the Bachelor of Art Education and the Master of Teaching in Art Education, emphasizing community engagement and awareness of our cultural values, beliefs, and perspectives.
