Welcome Message

It is truly a pleasure to welcome you to the Mankato community, to our university, and to the Intensive English Program (IEP). We are thankful that you have chosen us to pursue your university education. Our most important goals here at the IEP are to help you improve your English language skills, to help you develop the academic skills necessary for success as a university student in the United States, and to facilitate your adjustment to America and to American educational culture. This is our promise and we will do our very best to help you achieve these goals.

We have an excellent team of instructors and staff who have expertise and experience in teaching English as second language and who also have experience with learning a second language and with living abroad. They understand the excitement but also the many challenges that are part of learning and mastering a new language and with living in a new country and culture. It is therefore our goal to ensure that your educational experience is conducted within an enjoyable, motivating, and comfortable atmosphere.

This student handbook is a valuable source of information to help you with many of the questions, problems, or concerns you might have while you study in the IEP. Of course, at any time, if you can’t find the information you need in this handbook, please feel free to contact us. We are all here to help you succeed both in your academic and personal development.

**Intensive English Program Overview**

**IEP Eligibility**

Our IEP is currently open to students who completed high school and score:

- between **20** and **60** on the TOEFL iBT (Internet-based test); or
- between **340** and **499** on the TOEFL PBT (Paper-based test); or
- between band **3.5** and **5.0** on the IELTS Academic Module test.

**IEP Levels and Curriculum**

The IEP is semester-based and currently offers 16-week semesters in the Fall, from August to December, and in the Spring, from January to May. The IEP also has a 10-week Summer semester from May to July.

The IEP currently consists of four levels:

- Beginning Level
- Low-Intermediate Level
- High-Intermediate Level
- Advanced Level

All four levels include coursework in reading skills and vocabulary development, writing, grammar, listening and note-taking skills, speaking with presentation skills, and a special topics course, which varies each semester.

Students in the Beginning, Low-Intermediate, and High Intermediate levels are in classes 20 hours per week with an additional 2 hours for private tutoring with an MSU student from the Honors Program.

Students in the Advanced level are in IEP classes 16 hours per week with an additional 2 hours for private tutoring with an MSU student from the Honors Program. In addition, students in the Advanced level have the option of taking 4 credits in general education courses that will count as credit towards their undergraduate Bachelor’s degree.

All IEP students are introduced to American university culture and learning expectations as well as strategies that help them to become successful learners as they move toward enrollment as full-time students. There are opportunities to participate in local trips, events, and other social activities as well.

All the IEP courses are interactive and require student participation, concentration, and engagement. There are opportunities for individual work, pair work, small group work, large group discussions, and online work. Students are expected to complete assigned homework and to come to class well-prepared for their lessons.

IEP Level Placement

A student is placed in one of the four IEP levels according to the TOEFL or IELTS score that the student sent to the MSU Admissions Office prior to the beginning of his/her first semester in the Intensive English Program. IEP students are placed in a specific level according to the following criteria:

**Advanced Level:**
- TOEFL iBT 54-60
- TOEFL PBT 480-499
- IELTS 5.0

**High-Intermediate Level:**
- TOEFL iBT 47-53
- TOEFL PBT 455-479
- IELTS 4.5

**Low-Intermediate Level:**
- TOEFL iBT 31-46
- TOEFL PBT 400-454
- IELTS 4.0

**Beginning Level:**
- TOEFL iBT 20-30
- TOEFL PBT 340-399
- IELTS 3.5

A student may request to be placed in a lower level if he/she is uncertain about his/her ability to cope with an assigned placement.

A student may not request to be placed in a higher level than that established by his/her entrance score.

A student who has been placed in a specific level based on their TOEFL or IELTS score for their first semester, may choose to take an additional TOEFL or IELTS exam before their first semester in order to be placed in a higher level but must show proof of that score before the first day of that first semester.

Any additional TOEFL or IELTS exam scores obtained after initial placement and during or after the first semester will not be used for level placement. Until students graduate from the IEP and achieve regular admission, they cannot skip an IEP level and must follow the level sequence.

IEP Attendance Policy

Attending classes and being on time assumes a great importance because:

- It is an essential requirement for IEP students to successfully complete and pass their courses.
- It is an American educational expectation that students be responsible, punctual and consistent in class attendance.
- Arriving late disrupts the class and prevents other learners from learning.

In case of an absence:

- It is necessary to inform the instructor by email beforehand if the absence is anticipated.
- If a class is missed unexpectedly due to illness or emergency, the instructor has to be contacted as soon as possible after the absence.
- Homework has to be handed in on time by emailing it to the instructor or uploading it in D2L.
- It is the responsibility of the IEP students to collect the material covered and homework given in the class that they missed.

Arriving late to class:

- IEP students need to make sure they understand each instructor’s policy about arriving late to class. The instructors will inform the students about their policies and it is the responsibility of the students to make sure that they understand these policies. Some instructors may count being late as an absence.

F1 Visa Status – Attendance Requirement

IEP Beginning, Low-Intermediate, and High-Intermediate Levels

In order to maintain a student’s F1 Visa status, a student must attend a minimum of 90% of his/her total course hours. In the IEP, a Beginning, Low-Intermediate or High-Intermediate level student must attend a minimum of 270 hours of English instruction out of a total of 300 hours of instruction each semester.

This means that a student’s total number of absences for all IEP courses must not exceed fifteen 2-hour class periods per semester which is equal to 30 hours of instruction.

If a student is absent more than fifteen two-hour class periods (total for all IEP courses, not each course), he/she will be “out-of-status,” the student’s visa will be cancelled, and the student will be required to return to his/her country.
IEP Advanced Level

In order to maintain a student’s F1 Visa status, a student must attend a minimum of 90% of his/her total course hours. In the IEP, an Advanced level student must attend a minimum of 162 hours of English instruction out of a total of 180 hours of instruction each semester.

This means that a student’s total number of absences for all IEP courses must not exceed twelve 2-hour class periods per semester which is equal to 24 hours of instruction.

If a student is absent more than nine two-hour class periods (total for all IEP courses, not each course), he/she will be “out-of-status,” the student’s visa will be cancelled, and the student will be required to return to his/her country.

Language Partners Tutoring Program

In addition to attending IEP classes, IEP students have the opportunity to take part in language partners tutoring sessions. The purpose of the tutoring sessions is to facilitate the IEP students in understanding American culture and college life and to assist them with extra language practice and the TOEFL ITP test practice. The tutoring sessions begin from the 3rd week and continue until the 15th week of the semester. During these sessions that take place outside of class time, each IEP student is scheduled to meet with a Language Partner for one hour twice a week.

Who are the Language Partners?

The Language Partners are students from the Honors Program at MSU, who volunteer to facilitate the tutoring sessions that prove to be very helpful for all the IEP students. They assist IEP students with cultural adaptation to U.S. and American university culture, answer questions regarding campus services, and provide guidance in accessing social and academic support systems on campus. The Language Partners encourage the IEP students to exchange information about their culture through conversations on cross-cultural topics. They also provide modeled and guided practice opportunities in listening strategies, reading strategies, pre-writing strategies, vocabulary development, grammar development, pronunciation development, and TOEFL exam practice exercises.

Requirements:

Every semester, the Language Partners Tutoring Program is a 13-week program that starts from week 3 and ends in week 15, with two one hour long tutoring sessions each week. The tutoring session attendance is very important for all the IEP students.

IEP students in the intermediate levels must attend no less than 80% of the tutoring sessions in order to be eligible to advance to the next IEP level. Any student in the intermediate levels who attends fewer sessions than the required number of hours will not qualify to advance to the next level and will be required to repeat the same level in the next semester.
For the IEP students in the Advanced level, the tutoring session attendance is incorporated into anyone of their three IEP courses as 10% of the course evaluation for that course.

In case a student is unable to attend a tutoring session they must inform their Language Partner in advance by phone, email or by text message. When an IEP student misses a session, they will be marked absent by their Language Partner. However, Language Partners are not allowed to excuse any absences. Only the IEP Coordinator or the CELP Director can excuse an absence in the Language Partners Tutoring Program. If a tutoring session is being cancelled because both the IEP student and the Language Partner cannot attend the session on that particular day, then the IEP Coordinator has to be informed by e-mail about the cancellation beforehand, otherwise, the IEP student will be counted as absent for that session. If an IEP student encounters any problem with his or her Language Partner, then they are most welcome to speak to the IEP Coordinator directly for help.

**Grading**

Each IEP instructor may use a different assessment and grading method. Instructors use different ways of grading because they teach different skills and have different teaching styles. It is important for IEP students to listen carefully when the instructors talk about their grading plans and IEP students should read the course syllabi and other course documents carefully. If there are confusions or questions, the instructor can be asked to explain his/her grading policy again.

**MSU Grading System:**

Grades that can be entered are A+, A, A-, B+, B, B-, C+, C, C-, D+, D, D-, and F.

Note: The instructor may choose to use letter grades with or without +/- grading.

Evaluation is based on the following grading guidelines:

How the GPA is Calculated:

Every semester a student’s record is filled with courses that have some type of grade attached to them. In calculating the GPA, only courses with letter grades of A, B, C, D and F are used.

As outlined in the table above, every course grade carries with it a certain number of “quality points”. For example a grade of A equals 4.00 quality points while a grade of B+ equals 3.33 quality points.

To obtain a course’s total quality points, you need to multiply the number of quality points by the number of credits for the course. Thus, a 4-credit class with a B grade is worth 4 credits x 3 quality points = 12 total quality points.

To obtain the GPA for a semester, add up the total quality points for all of the courses that semester and divided that number by the total number of credits of those courses. The result will be a number between 0 and 4 which is usually carried out to two decimal places.

Example

<table>
<thead>
<tr>
<th>Course</th>
<th>Credits</th>
<th>Grade</th>
<th>Quality Points</th>
<th>Total Quality Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>IEP 030</td>
<td>4</td>
<td>A (96%)</td>
<td>4.00</td>
<td>4 credits x 4.00 = 16.00</td>
</tr>
<tr>
<td>IEP 031</td>
<td>4</td>
<td>A- (91%)</td>
<td>3.67</td>
<td>4 credits x 3.67 = 14.68</td>
</tr>
<tr>
<td>IEP 032</td>
<td>4</td>
<td>B+ (88%)</td>
<td>3.33</td>
<td>4 credits x 3.33 = 13.32</td>
</tr>
<tr>
<td>IEP 033</td>
<td>4</td>
<td>B (85%)</td>
<td>3.00</td>
<td>4 credits x 3.00 = 12.00</td>
</tr>
<tr>
<td>IEP 099-2</td>
<td>4</td>
<td>A (95%)</td>
<td>4.00</td>
<td>4 credits x 4.00 = 16.00</td>
</tr>
</tbody>
</table>

Total: 20 credits = 72 quality points

GPA = 72 quality points divided by 20 credits = 3.60

The cumulative GPA (after taking more than 1 semester) is found in the same way, using all of the courses that have been taken.

Transcripts have the GPA already calculated and printed on them for the students.

Satisfactory Progress, Academic Warning & Suspension

To demonstrate satisfactory academic progress, all MSU students, including IEP students, must achieve a cumulative (overall) grade point average (GPA) of 2.0 (grade of C) or higher each semester and also complete at least 67% of these course credits.

If a student fails to meet the satisfactory academic progress requirements stated above, the students will be placed on academic warning in the next semester.

If the student fails to meet the satisfactory academic progress again in that next semester, the student will be suspended from Minnesota State University and will not be allowed to enroll in courses.

**Level Advancement for Beginning, Low-Intermediate, and High-Intermediate Students**

In order to advance to the next level, students in the low-intermediate and high-intermediate levels must:

- Earn a minimum semester GPA of 3.0/4.00 which is equivalent to a B average for all course taken (between 84%-86%).

IEP Completion and Regular Admission

There are currently two ways that IEP students can obtain regular admission:

**Method #1:**

IEP students who successfully complete the Advanced Level with a B+ average (3.5 GPA) and obtain at least a B in each of their courses will automatically matriculate to regular admission without the need to show a test score.

**Method #2:**

Take the institutional TOEFL Test (TOEFL ITP) that is administered to all IEP students in all levels at the end of the semester and obtain a score of 500 or more. It is important to keep in mind that the TOEFL ITP consists of only a reading comprehension section, a listening comprehension section, and a grammar section. It does not include a writing or a speaking section.

**Method #3:**

Independently take the TOEFL iBT and achieve a score of 61 or more OR take the IELTS and achieve a score of 5.5 or more. The TOEFL iBT and the IELTS consist of a reading comprehension section, a listening comprehension section, a writing section, and a speaking section.

Because most IEP students in the past have performed much better on the TOEFL iBT and on the IELTS compared to the institutional TOEFL test (TOEFL ITP), IEP students are strongly encouraged to register for the TOEFL iBT or IELTS exam independently (offered at locations outside MSU) at any time to meet the exit requirement. Students can register for the TOEFL iBT and the IELTS at the following websites:

[https://www.ets.org/toefl](https://www.ets.org/toefl)

[https://www.ielts.org/](https://www.ielts.org/)

For students who independently obtain a passing TOEFL iBT or IELTS score for regular admission when the IEP semester has already begun, the student must still attend and finish the IEP semester before exiting the IEP. The student will begin regular admission the following semester.
IEP Graduation Process

After graduating from the IEP and obtaining regular admission, students must do the following steps before registering for courses as a regularly-admitted student:

1. Send proof of their TOEFL iBT or IELTS score if taken independently by emailing the document to the CELP Director.
2. Meet with the IEP Coordinator and schedule a day and time to take the Math Accuplacer test and the ESL Accuplacer test* (listening, reading, and writing) with the Center for Academic Success (located in Memorial Library room 125). The IEP coordinator will give the student a piece of paper with the list of tests that need to be taken. The student will then show this paper to the Center for Academic Success staff when they go to take the tests. The Center for Academic Success staff member will sign this paper.
3. Immediately after taking the test, the Center for Academic Success will give the student their results on a piece of paper.
4. The student then meets again with the IEP Coordinator and brings both the signed form with the list of tests and the form with the test results. The IEP coordinator makes copies of both forms. The IEP coordinator then schedules an appointment for the student to meet with an academic advisor in their major. After the meeting has been scheduled, the IEP Coordinator will give the student an ‘Advisor Form’ for the academic advisor to fill out and sign.
5. The student meets with the academic advisor and gives them the ‘Advisor Form’ and the form with the test results. The academic advisor explains the degree program and recommends courses to enroll in. After the meeting, the academic advisor signs and dates the ‘Advisor Form’.
6. The student brings the ‘Advisor Form’ to the IEP coordinator who makes a copy of the form.
7. The IEP Coordinator or the CELP Director removes the registration hold. The student can then register for the courses recommended by the academic advisor.
8. The student updates their I-20 by meeting with the International Center in CSU 250.

* Please note that after having taken the ESL Accuplacer tests once, students can only retake the tests one more time within a period of two years.
Behavioral Policy

The Intensive English Program (IEP) at Minnesota State University (MSU), Mankato, follows the student behavioral policy established by the Office of Student Conduct (OSC) that applies to all MSU students. Students and instructors should refer to OSC policies and procedures located at their website:

https://www.mnsu.edu/conduct/

Reporting of student behavioral issues:

1. Instructor discusses and attempts to resolve the issue with the student.
2. If the behavior continues, the instructor communicates the issue with the director of the Center for English Language Programs (CELP).
3. The CELP director meets with the student. The CELP director also informs the student that if the behavior continues, it will be reported to the Office of Student Conduct (OSC).
4. If the behavior continues after the meeting with the CELP director, the student is reported to the OSC (either by the instructor or the CELP director) by filling out the online ‘behavioral concern form’ located at their website.
5. Student meets with an official from the OSC.
6. If the behavior continues, OSC puts the student on probation.
7. If the behavior continues, OSC puts the student on suspension for one year and cannot enroll in courses.

IEP Student Responsibilities

The Statement of Student Responsibilities was established by students, faculty and staff to communicate behavioral expectations of students. These responsibilities are aimed at promoting a sense of community where students behave with maturity, a sense of personal accountability, and positive regard for others. Below are a few examples of the behavior that is expected of students at MSU and in the IEP.

1. Every student is responsible for the understanding and following of the MSU policy on plagiarism and academic integrity (honesty and not cheating).
2. Respect the classroom learning environment so that every student can learn without disruption of teaching and learning.
3. Speak with respect and show respect to other students, teachers, and staff.
4. Respect university property and the property of others.
Plagiarism and Written Work

While writing a paper and searching for sources, you must remember that plagiarism is strictly prohibited (claiming someone else’s ideas or citations as being your own) and can lead to strict discipline. This policy is taken very seriously at MSU-Mankato. If you have any doubts regarding what constitutes plagiarism, ask your instructor. If you need help with the wording of your paper, consult with your tutor, instructor, or the IEP coordinator. Do not copy someone else’s work.

IEP Tuition Fee and Health Insurance Payment Policy

All IEP students are expected to pay for their tuition, health insurance, and orientation charges within payment due dates as determined by Minnesota State University, Mankato.

Tuition Fees

Required Down Payment

All MSU students, including IEP students, must pay 15% or $300 of their tuition fees by the 5th day of the first week of classes to remain registered in their classes and to maintain their visa status.

Full Payment Due Date

Tuition fees must be paid in full by the end of the 5th week of classes.

Unpaid Balances

Any unpaid balances that are still remaining by the end of the 8th week of classes will be subject to a $50 late fee and an ‘unpaid balance’ hold that will prevent the student from registering for classes in the following semester. If students are unable to register for classes, their visa status will be revoked.

Any unpaid balances that are still remaining by the end of the 16th week of class will be sent to a collections agency that will charge up to 30% interest until the full balance has been paid. In addition, in any future semester, the student would need to pre-pay their tuition fees in full before being able to register and take classes.
Health Insurance Fees

All international students must purchase the mandatory health insurance (approximately $1400) from MSU before registration of classes. International students pay their health insurance when they first check in at the Kearney International Center or during international student orientation week if they are a new student. If the health insurance fees are not paid, students will not be able to register for classes. If students are unable to register for classes, their visa status will be revoked.

Orientation Fee for New Students

New international students must pay a $90 orientation fee that will be added to their overall fees.

Black Beauty- PE1126.A4 E83626 2008

When Black Beauty is trained to carry a rider on his back, or to pull a carriage behind him, he finds it hard at first. But he is lucky - his first home is a good one, where his owners are kind people, who would never be cruel to a horse. But in the nineteenth century many people were cruel to their horses, whipping them and beating them, and using them like machines until they dropped dead. Black Beauty soon finds this out, and as he describes his life, he has many terrible stories to tell.

Cranford- PE1126.A4 M3923 2008

Life in the small English town of Cranford seems very quiet and peaceful. The ladies of Cranford lead tidy, regular lives. They make their visits between the hours of twelve and three, give little evening parties, and worry about their maid-servants. But life is not always smooth - there are little arguments and jealousies, sudden deaths and unexpected marriages . . . Mrs. Gaskell's timeless picture of small-town life in the first half of the nineteenth century has delighted readers for nearly 150 years.

Desert, Mountain, Sea- PE1126.A4 L433 2008

Three different parts of the world, but all of them dangerous, lonely places. Three different women, but all of them adventurous and determined. Robyn Davidson walked nearly 3,000 kilometers across the Australian desert -- with a dog and four camels. Arlene Blum led a team of ten women to the top of Annapurna -- one of the highest mountains in the world. Only eight came down again. Naomi James sailed around the world alone, on a journey lasting more than 250 days.

Doors to a Wider Place: Stories from Australia- PE1126.A4 L53 2008

'When it came to football, Billy was different. Black hands grab the ball. Black feet kick the ball. Black hopes rise up with the ball to the sickly white sky. No one can stop him now. He forgets about the river, and the people of his blood . . .' But who can forget their own past? Billy finds that the ties which hold him to the people of his blood are strong indeed . . .

The Scarlet Letter—Best-seller- PE1122.S74 S77 2007

You are walking through the streets of London. It is getting dark and you want to get home quickly. You enter a narrow side-street. Everything is quiet, but as you pass the door of a large, windowless building, you hear a key turning in the lock. A man comes out and looks at you. You have never seen him before, but you realize immediately that he hates you. You are shocked to discover, also, that you hate him. Who is this man that everybody hates? And why is he coming out of the laboratory of the very respectable Dr Jekyll?

Gulliver’s Travels- PE1126.A4 W47 2008

Shipswrecked castaway Lemuel Gulliver’s encounters with the petty, diminutive Lilliputians, the crude giants of Brobdingnag, the abstracted scientists of Laputa, the philosophical Houyhnhnms, and the brutish Yahoos give him new, bitter insights into human behavior. Swift’s fantastic and subversive book remains supremely relevant in our own age of distortion, hypocrisy, and irony.

Dartmoor. A wild, wet place in the south-west of England. A place where it is easy to get lost, and to fall into the soft green earth which can pull the strongest man down to his death. A man is running for his life. Behind him comes an enormous dog - a dog from his worst dreams, a dog from hell. Between him and a terrible death stands only one person - the greatest detective of all time, Sherlock Holmes.

‘My brother preferred being with mother and me. He used to help us prepare vegetables in the kitchen or make the bread. But what he liked best was listening to my mother’s stories.’ But those childhood days are long gone, and now a great distance divides sister and brother, children and mother.

When Christmas comes for the four March girls, there is no money for expensive presents and they give away their Christmas breakfast to a poor family. But there are no happier girls in America than Meg, Jo, Beth, and Amy. They miss their father, of course, who is away at the Civil War, but they try hard to be good so that he will be proud of his ‘little women’ when he comes home. This heart-warming story of family life has been popular for more than a hundred years.

Lord Jim- PE1126.A4 W5477 2008

A hundred years ago a seaman’s life was full of danger, but Jim, the first mate on board the Patna, is not afraid of danger. He is young, strong, confident of his bravery. Adjusting to a New Culture

A frog sitting on the bank of a river sees a fish swim by and asks, “How’s the water?” The fish looks up and replies, “What water?”

Culture is hard to define. On the surface we can observe the music, food, and holidays of a group of people. But below the surface, it becomes more difficult to determine the core values that influence how a group of people think and live from day to day (see Fig. 1 – Iceberg Diagram).

Students naturally understand the core values of their own cultures, but may have a hard time adapting to a new culture with different core values. As an international student at MSU-Mankato, you should expect to experience a lot of excitement as you initially experience American culture in this new place. However, as the year goes on, you should be aware that you may experience some “culture shock,” or frustrations that come from cultural differences (see Fig. 2 - Cultural Assimilation Diagram). The teachers and staff at the Center for English Language Programs are here to assist you during this time of cultural transition. Additionally, there are many services listed in this handbook that can help you process through the emotions you are feeling during this adjustment.

In order to be successful as a student at a U.S. University, there are a few aspects of American culture that you need to understand. The first is the idea of **individualism**. This means that the voice of the individual is often valued over the voice of the collective group. The second is the idea of **creativity**. This means that
expressing new and original ideas are often valued over repeating information that has been memorized. The third is the idea of **informality**. This means that the teacher-student hierarchy in U.S. culture is often less pronounced and more casual than in other cultures. Finally, there is the idea of **efficiency**. This means that time and organization are highly valued in U.S. culture. Read below for some tips and ideas about how you can adopt these core values in your work as a university student at MSU-Mankato.

**Tips for Adjusting to U.S. University Culture**

- When you borrow ideas from another author’s work, make sure to cite your source. You need to give credit to someone else’s ideas.
- As you study, you will need to do some memorization. But also try to formulate your own ideas and opinions about topics. You will be encouraged to express these.
- When you have a problem or a question, seek help. You can ask your professor or another student questions about your lessons.
- There will be structure in your classes, but also some freedom to make choices. Be ready for both.
- Don’t be surprised if your professor is a little informal with the class. Even though most professors are very approachable, you should take care not to ask inappropriate personal questions like, “How much do you weigh?” or “Are you married?”
- Punctuality is highly valued, so arrive to class on time.
- In speaking and writing assignments, try to me succinct and well organized. In presentations, be direct and concise. In writing, present your main ideas clearly, followed by supporting details.
- Understand that there is a lot of diversity in U.S. universities. You will find students and teachers from many different backgrounds. You will also find many different mediums of instruction and learning formats.
- U.S. universities are often characterized as “learner-centered.” This means that you should be prepared to take an active role in the class. The professor might do some lecturing, but will probably also facilitate activities for you to participate in.
- Be ready for professors to assess your learning in multiple ways. There will be tests, but also grades for participation, homework, projects, etc.
- Lastly, make friends with American students. They can help you navigate the waters of American culture and you can help them by sharing your perspective.
