Online Study Abroad 2020

Summer: May 18th - July 24th (10 weeks)

Fall: August 24th - December 11th (16 weeks)

Online IEP courses will be held for summer and fall semester in 2020. Students will be able to take classes online with culturally diverse classmates from different nationalities.

Exchange or visiting students from Japan can join anytime within those time frames and for as long as they wish. Students would be able to take up to 4 or 5 courses depending on which level they would be placed in.

For 4 weeks, each course would be \$260. If students take 4 courses the total would be \$1,040. This would include our TOEFL ITP placement test that students would be able to take from their homes. If students take at least 4 courses, they would also be able to participate in our Language Partners Program in which they would meet with one of our local students twice a week for one hour each for conversational practice and culture sharing.
