

MANKATO AREA LIFELONG LEARNERS

 MINNESOTA STATE UNIVERSITY MANKATO

Promoting vitality in later life

Spring 2024

FROM THE PRESIDENT

By Barbara Keating

INVITE A FRIEND ... "TO PROMOTE VITALITY IN LATER YEARS"!

The good news: Thank you for the positive feedback we have received on many Lifelong Learners activities from educational presentations to social activities to Great Decisions. First Friday at the Movies is very popular, and the tea, lunch, and dinner groups as well as the bridge, 500, and book groups all enjoy good turnouts.

The other good news: With our current 226 members, we are making progress towards our goal of regaining our pre-pandemic membership of 250. We will need at least that many to keep a balanced budget in the next fiscal year while honoring our commitment to keeping membership fees the same.

The invitation: *Our membership grows largely through personal conversations and invitations. Tell your friends, neighbors, and relatives about Lifelong Learners!* Give them a copy of our latest newsletter and invite them to join. A Silver Membership costs only \$35, a bargain for our many options that fulfill our mission "to promote vitality in later years."

LIFELONG LEARNING TIDBITS

Local libraries offer access to e-books, including audiobooks through the Libby app. All you need is a valid library card. You can download the app to your smartphone at [overdrive.com](https://www.overdrive.com) and listen to audiobooks while exercising or waiting in the car. This avoids trips to the library, and there are no fines for late returns. Instructions are available through Blue Earth County Library or the North Mankato Taylor Library.

Blue Earth County Library offers Materials by Mail for rural residents and those with accessibility issues. Contact that library to see if you qualify.

GREAT DECISIONS 2024

The Mankato Area Lifelong Learners Great Decisions Program will kick off on April 10th at the Pioneer Bank Community Room with a presentation by Henry Berman on the topic of Mideast Realignment. Henry is a member of the Council on Foreign Relations and Global Minnesota and an expert on the Middle East. He is a retired businessman who worked at Ecolab for 34 years. Henry has ties to the Middle East region and has spent much time there in the last decade. He has a strong interest in this ever-changing and turbulent part of the world. Additional presentations this quarter will be on May 8th and June 12th. The updated schedule will be provided at a later date to registrants.

SPECIAL EVENTS - SPRING 2024

Lucky Lindy Coming April 22nd to Mankato Lifelong Learners!

The year, 2024, marks the 97th anniversary of Lindbergh's historic non-stop, solo flight across the Atlantic from New York to Paris. To commemorate this historic event, **Arn Kind, of Historical Experiences, Inc.** brings to you:

Lucky Lindy: Charles Lindbergh's Amazing Transatlantic Flight

In an age when countless passengers fly across the oceans every day, it is difficult for us to truly appreciate what a magnificent feat Lindbergh accomplished. At a time when the development of airplanes was still in its infancy and many did not think airplanes had what it takes to make such a trip, Lindbergh refused to listen to the naysayers and searched for and eventually helped to design a plane that could do it. Completing this flight would not just be technologically challenging, but it would prove to be physically challenging as well. Because Lindbergh insisted on making the flight on his own, he had to stay awake at the controls of his plane for the entire 33.5-hour flight, navigating across the trackless Atlantic- a truly amazing feat. **Arn Kind**, a historian and teacher for 46 years will bring this story to life **on April 22, 2024 at 1:00 p.m.** at the **North Mankato Fire Hall #2**. The cost is \$5.

Maud Hixson Returns with Rick Carlson Trio - April 13, 2024

Maud Hixson is a Twin Cities native who recently made her third appearance at Jazz in New York City's Lincoln Center. She received a Bistro Award for her 2023 album recording: Permanent Moonlight- the Songs of Richard Rodney Bennett. She has been described as "gently virtuosic". "Her vocal style is warm, intimate, and compelling". Her musical storytelling will captivate your heart.

Maud returns for another fundraiser at the Wow Zone, Mankato. The jazz and swing concert benefits the Betsy-Tacy Society, the Mankato Area Lifelong Learners, and the Mankato Area Rotary. Dinner is available from 5-7pm and music is from 7-9pm. Tickets are \$25 and can be purchased at (507)-381-4279 or pam@wowzonefec.com.

Tour of MSU Jet Simulator and Mankato Airport - June 27, 2024

MSU, Mankato and NorthStar Aviation are excited to have us tour the facilities of one of the largest aviation programs in the country. We will start our tour on campus in the jet simulation room where aviation students take their final flights before leaving for the airlines. At the airport we will tour the facilities and see the fleet of Piper Aircraft trainers, maintenance facilities, meet with students in the MSU aviation program and hopefully enjoy blue sunny skies where you will see students in flight.

Locations: (1) Our tour will start with the jet simulator on campus in Wiecking Center. Park in the #18 Gold parking lot on Ellis Avenue near the corner of Ellis & Birch St. Enter through the doors on the east side of Wiecking.(2) At approximately 2:45 pm everyone will drive themselves from campus out to the Mankato Airport at 3030 N. Airport Road, where we will reconvene, and the remainder of our tour will take place.

Cost of the event is \$5. **Sponsor:** Steve Gilbert

#1: Tuesdays, Apr 9 – Jul 2, 2 - 4 p.m. Play Ball! The Rise of Baseball as America's Pastime* (Not just for baseball fans!) **Note:** Member fee is \$20 for entire course.

The story of baseball is, in many ways, the story of America itself. The Great Courses collaborated with the National Baseball Hall of Fame to produce a course which strikes the perfect balance between sports lore & cultural history. Starting in the early-19th century and ending in 1920 when a sense of uniformity in the game was finally achieved, this course is about the history and cultural significance of baseball and its relationship to national events. 24 short lectures guide you through decades of experimentation, change, controversy, and triumph. You will encounter early baseball giants, learn the origins of everything from catcher's masks to batting averages, and hear the true stories of how women, African Americans, and others overcame adversity on and off the diamond. Each week we will show two 30-minute lectures and supplement those with a relevant video from YouTube, leaving 30-minutes for discussion. We also plan to include a baseball movie (to be determined) as a mid-course break. Note: If you can't make it every week, that's okay.

A more detailed description, including lecture titles and a trailer, can be found here:

Presenters: **Steve and Wes Gilbert.** Father-and-son team. Wes fell in love with baseball as a young child, played on Mankato's traveling teams as a youth, and is a rabid Twins fan with a deep understanding of the history and nature of the game. His daytime job is as the owner and CEO of Mankato Computer Technology. Steve is a retired MSU faculty member who grew up rooting for Mantle and Maris and rediscovered baseball later in life when he had a son who rekindled his interest in the sport.

#2: Thursday, Apr 11, 2-4 p.m. — Out of the Ashes: How the Great Chicago Fire Changed American Cities — and America Itself

Scott W. Berg, author of *38 Nooses: Lincoln, Little Crow, and the Beginning of the Frontier's End*, returns to discuss his new book, *The Burning of the World: The Great Chicago Fire and the War for a City's Soul*, an engrossing look at the fire itself and the surprisingly bitter and hard-fought battles for control of the city that took place in its aftermath. Then as now, disaster meant tragedy for some and opportunity for others, as the hairline cracks between political coalitions that had existed before the Great Fire swiftly turned into seismic rifts that would change the very nature of American cities.

Presenter: Born and raised in the Twin Cities, **Scott W. Berg** is the author of three works of narrative history: *The Burning of the World: The Great Chicago Fire and the War for a City's Soul*; *38 Nooses: Lincoln, Little Crow, and the Beginning of the Frontier's End*; and *Grand Avenues: The Story of Pierre Charles L'Enfant, the French Visionary Who Designed Washington, D.C.* A nominee for the Carnegie Medal for Excellence and recipient of the Library of Virginia Literary Award for Nonfiction, Scott teaches writing, literature, and publishing at George Mason University and lives in Reston, Virginia.

Location: Zoom only (Register to receive the Zoom link by e-mail.)

#7: Thursday, May 9, 2 - 4 p.m. — Not Written in Stone: History in History Textbooks

Were the Sons of Liberty traitors or great patriotic heroes? Was the Alamo a significant event in US History? Did the US sink its own battleship just to start a war with Spain? The answer is...it depends on which history textbook you read. This program will talk about both older US history and international textbooks to discuss what they say about history and why they say it this way.

Presenter: **Kyle Ward**, Director of Social Studies Education, MSU, Mankato, author of seven books and a workbook series for high schools focused on both what history textbooks are teaching students, both in the US and around the world, as well as military history. He lives with his family in North Mankato

Location: Pioneer Bank, 1450 Adams St (Corner of Adams and Victory Drive), Mankato

#11: Wednesday, June 5, 2 - 4 p.m. — Voices and Silences: Understanding Stuttering

What do President Biden, James Earl Jones, and Emily Blunt have in common? All are people who have dealt with stuttering. Stuttering is a complex speech disorder that can significantly impact a person's quality of life, occupational and educational opportunities, as well as social behavior and relationships. Professor Strong

will explain the basics of stuttering (causes and types), dispel common misconceptions, and showcase the human face of stuttering through video examples, illustrating how it affects people in terms of reduced verbal output, word avoidance, and decreased grammatical complexity. He will also discuss gender differences and the management of and recovery from stuttering. Our second speaker will be retired Minnesota State

University, Mankato (MNSU) professor Tony Filipovich, Ph.D. who will share his personal story about stuttering. The presentation will close with an enlightening TED talk by a performer who stutters.

Presenter: **Wm. Eric Strong** Ph.D., an American Speech-Language-Hearing Association-certified speech-language pathologist, has served families and children nationwide and in Canada as a clinical pediatric and school-based, speech-language pathologist for the past 33 years. Eric is a person who stutters and an Assistant Professor in the Speech, Hearing, and Rehabilitation Services Department at MNSU. His experience and expertise include stuttering, early childhood and school-age language disorders, and phonological and motor-speech disorders.

#12: Thursday, June 20, 2 - 4 p.m. — "Stay the Course": The Election of 1864

2024 is an election year. So was 1864 - one of the most critical in American history. The Civil War had been dragging on for over three years with no end in sight. Things had not gone well for the Union and the public blamed the president. Much was at stake: Lincoln's re-election would mean the war would continue until the South

surrendered. But it also meant that the Union would be preserved, and slavery abolished. The Election of 1864 would also prove that a democratically elected government- "a government of the people, by the people and for the people," could survive - and this is the most significant legacy of this pivotal moment in American history.

Presenter: **Bryce Stenzel**, MA History, MSU, Mankato, teaches Social Studies in Janesville. He is a well-known costumed historical interpreter, author of books and articles on Lincoln and the Civil War era, and volunteer.
